

2017 District 65 Alignment Committee

Lorraine Mott - Chair

Dennis Gauda, Betsy Kalweit, Shirley Malone, Pam Hernandez, Dan Ferens – Members

Division A

All areas were fair and balanced in clubs and proximity for Area Directors. There are no changes necessary. Awaiting new club to charter: Apple Tree Toastmasters

Divisions B and C

Division B and C – worked together and very hard to balance weak and strong clubs as well as take into account proximity for Area Directors and club growth. Awaiting new club – Lawley Lingle

Area 21 has 2 college clubs (1 with low membership) and POWER which also has low membership but strong members. Toasted Sage is low in membership but strong. To help that area, POWER is moving to Area 23 and being replaced with a strong club - Harris Spacetalkers.

Area 22 and 24 have no changes.

In Area 23 – Lyceum is to move to Division C Area 32 for area proximity leaving 4 clubs in this area.

The moves in Division C are all to bring the areas to 4 clubs each and keep proximity of clubs as close as possible. Professionally Speaking and Toastmasters in General have combined into one club - Generally Speaking. Toastitarians move to Area 31 for strength as Simon club not doing well. Lyceum Club is added from Div B Area 23. TNT moves to Area 34.

Division D

The only change in this Division is to bring Preferred Toastmasters back to this Division giving each area 4 clubs. FLCoE is working hard to grow in membership and will give 1 area a total of 5 clubs. A number of clubs being suspended have now been handled by this move.

Division E

Moving Preferred to Division D for closer proximity (as mentioned in Division D above). Syracuse 580 is moving to area 54 as they are in Liverpool and do many joint meetings with Select (also in Liverpool)...this brings Area 54 to an area north of the city. The two downtown clubs will now be moved together to area 52 as they meet in the same building. This makes Area 52 a “downtown” area with all clubs being in close proximity. This division awaits the chartering of two new clubs – Live, Laugh & Learn Toastmasters, and Carrier. They will be placed into areas according to need and proximity at that time.

Please see attached spreadsheet for presentation of each area.

A huge thank you to my committee members who worked very hard to create Areas and Divisions that would promote our current clubs and allow for further growth. They were completely transparent to Clubs, Areas & Divisions with their suggestions before we finalized the report and presented to the District. Only positive comments were received back.

It was our pleasure to provide this alignment for District 65. Respectfully submitted by Lorraine Mott – Chair.
